

Overview

Following are the Table of Contents (List of Tables) and a sample table from the *World Timber Price Historical Data*.

This report is a compilation highlighting sawlog, pulpwood, and chip prices in the world's major timber trade markets and select domestic markets. It provides 10 years of annual data and 5 years of quarterly data, all adjusted to consistent currency and volume measurements. Covering North America, Western Europe, Latin America, Asia, Oceania, and the former Soviet Bloc, this annual report enables you to gain a valuable global perspective on timber price trends.
