## Instructions to Download Analytical Cornerstone

- 1) Click on the most recent dated link under the “Last Online Update” section of the login portal screen.

- 2) When prompted to *Save* or *Run* choose the *Save* option and save the file as ‘Analytical Cornerstone’ on your desktop or other place you can easily remember the location of.

**Please note:** Download speeds may vary depending on your network speed and Internet connection. You may want to minimize the download window and continue working while the download completes.

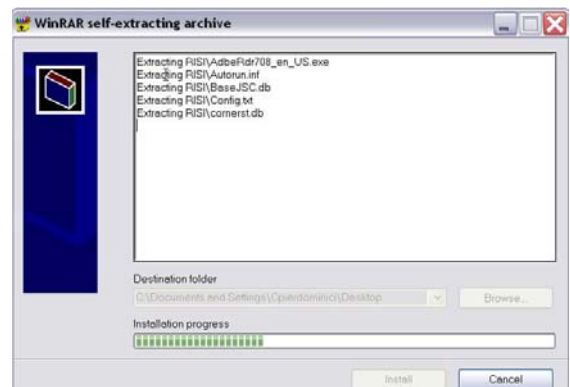

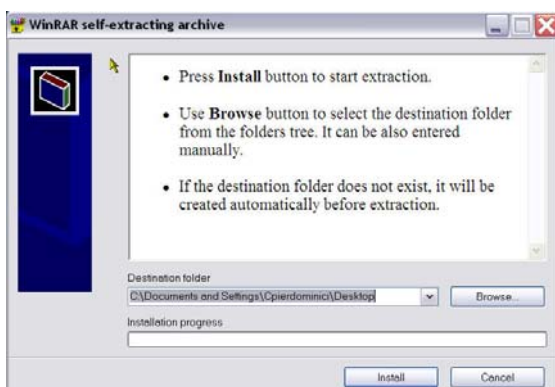

- 3) Locate the Analytical Cornerstone icon on your desktop (or in the location you chose) and double-click on it to open the self-extracting file.

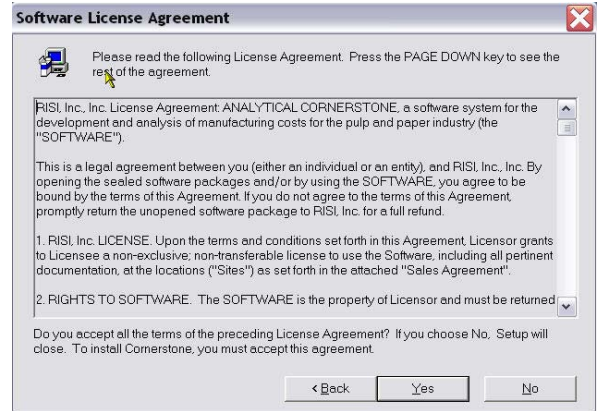

- 4) When presented with the security warning, please choose the *Run* option.

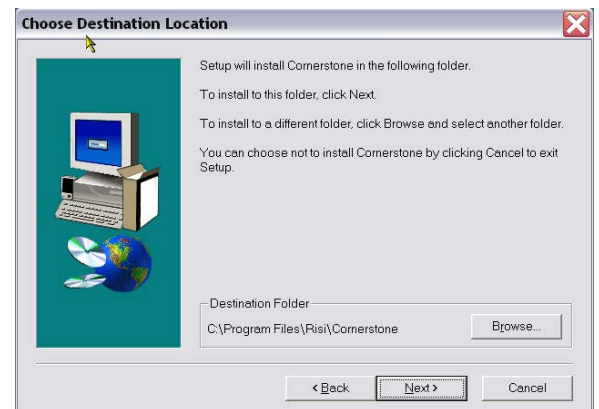

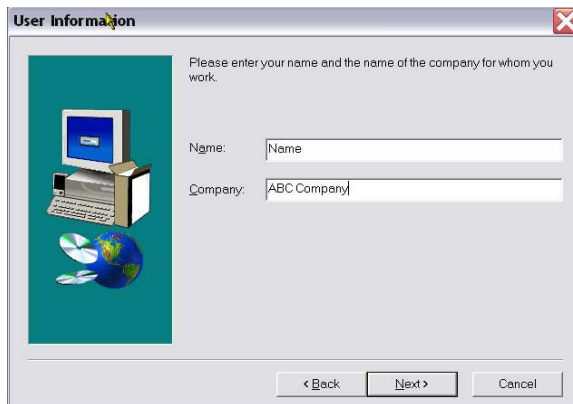

- 5) The WinRAR self-extracting archive will prompt you for the location you wish to extract the executable files to. When prompted, click *Install* to begin the software installation.

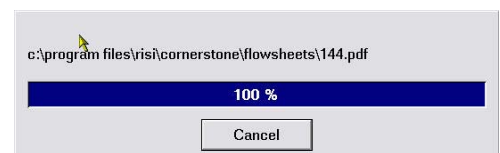

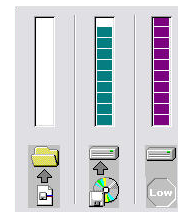

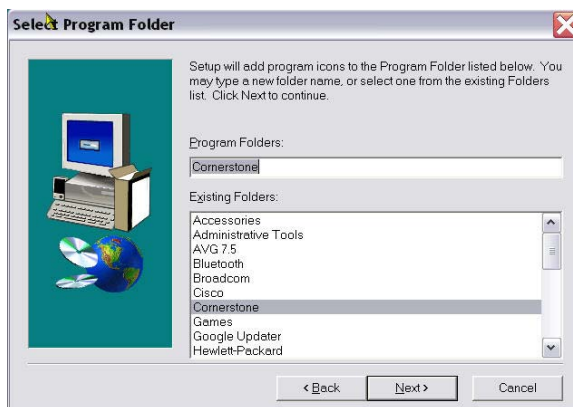

- 6) At the *Welcome* screen, click *Next*, then agree (by clicking *Yes*) at the *Software License* screen.

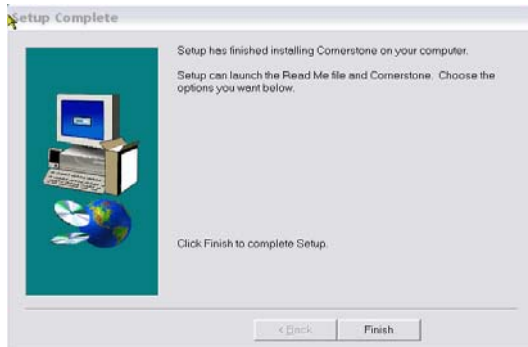

- 7) When the *User Information* screen appears, fill in your name and company, then click *Next*. Click *Next* again at the *Choose Destination Location* screen.

- 8) Then select the desired folder at the *Select Program Folder* screen, then click *Next*. You will see progress bars denoting install progress.

- 9) You may receive prompts to install Adobe Reader if you don't have this installed. Please follow the prompts to install this software on your computer, or simply cancel the install if you have a newer version.
- 10) When you receive the *Setup Complete* screen, click *Finish*. Analytical Cornerstone is now installed on your computer and ready to use.

If you would like more information about any feature in the new model, or have questions on these new cost benchmarks, please feel free to contact our regional cost benchmarking engineers:
